ACKNOWLEDGEMENT

All praise is due to Allah, who forbade the believers to weaken or grieve, for they are superior if they are believers. May blessings and peace be upon our master, the Prophet Muhammad ﷺ, upon his family and Companions, and upon those who followed his path in excellence — among them Oruç Reis, rescuer of the Muslims of al-Andalus.

This book is specially dedicated to my beloved wife,

ZAHARAH MOHD LATIF;

my dear children,

MUHAMMAD HAFIZ, NOOR HAZWANI, ABDUL HAKIM, NOOR HIDAYAH, NOR AQILA and **NOR ATIQAH**;

and my sons- and daughters-in-law,

FAZILAH, MALEK, HANIN, FAIRIZAL and **FIRWAN**.

This twenty-seventh book of Heroes of Islam tells the story of Oruç Reis: the sailor from the island of Midilli who was once a captive of the Knights of Rhodes, carried thousands of Andalusian Muslims to safety, lost an arm at Bougie, and freed Algiers. His story is told with honesty about its sources, including the legend of the silver arm, the killing of Salim al-Tumi, and the difference between jihad at sea and piracy. May this knowledge be ‘ilmun yuntafa‘u bih — knowledge that benefits.

ABOUT THE COVER OF THIS EBOOK

This eBook's cover does not depict any human being or animal. It shows ***the coast of Algiers*** on the Mediterranean at sunrise in the early sixteenth century, under a soft golden and blue sky, with palm trees, olive trees and red poppies on the hillside.

On the hillside rises ***a white terraced town*** of flat-roofed houses, with ***a stone-walled kasbah*** at the top and the square ***minaret of a mosque*** with green tiles — recalling Algiers, freed by Oruç in 1516.

In the calm bay lie several ***Ottoman galliots*** with lateen sails, near a stone harbour and ***a lighthouse***. On the horizon, a few ***sailing ships*** approach the shore — recalling the ships that carried the Muslims of al-Andalus to safety.

The ***dark blue band*** at the bottom, framed by ***fine gold lines***, is where the author's name appears — the same as on the covers of Series 1 to Series 26, so that all the covers of Heroes of Islam match.

ORUÇ REIS

In 897 AH (1492 CE), Granada — the last Muslim kingdom of al-Andalus — fell to Spain. In the years that followed, the Muslims who lived there were forced to convert to Christianity, their mosques were closed, and many who wished to emigrate to North Africa had no ships to cross the sea.

It was then that a sailor from the island of Midilli (Lesbos) in the Aegean appeared: ***Oruç Reis***, elder brother of Hayreddin Barbarossa. With his ships he carried thousands of Andalusian Muslims to the shores of North Africa, so that they called him ***Baba Oruç*** (Father Oruç). He later freed Algiers from the Spanish threat and laid the foundations of Ottoman rule in Algeria.

This eBook is the twenty-seventh in the ***Heroes of Islam*** series. Oruç's story comes mainly from the Gazavat-ı Hayreddin Paşa, his brother's memoir written after his death, and from hostile Spanish sources. Every story is given with its source and grade honestly — including the legend of the "silver arm", the story of the scattered gold, the killing of Salim al-Tumi, and the difference between jihad at sea and piracy — and its lessons are grounded in the Qur'an and authentic Hadith.

Oruç's story is that of a man who lost a brother, his freedom and an arm, but never lost his zeal to help the weak among the Muslims.

WHO WAS ORUÇ REIS?

He was ***Oruç son of Yakup***, born around 879 AH (1474 CE) on the island of Midilli (Lesbos) in the Aegean Sea. In Arabic his name is written ***'Aruj***, and Europeans called him ***Barbarossa*** ("Red Beard") — a title later inherited by his younger brother, Hayreddin.

He fell as a martyr in 924 AH (1518 CE) in battle against the Spanish near Tlemcen in western Algeria, at about 44 years of age.

HIS NAMES AND TITLES

Barbarossa	"Red Beard" in Italian, a European title
Gümüş Kol	"Silver Arm", a title in tradition after he lost his arm

THE SON OF YAKUP ON THE ISLAND OF MIDILLI

HISTORICAL NOTE: A FAMILY OF SAILORS

His father, ***Yakup Ağa***, was an Ottoman cavalryman who settled on Midilli after the island was conquered by Sultan Mehmed the Conqueror in 1462. He married and had four sons: ***İshak***, ***Oruç***, ***Hızır*** (later known as Hayreddin) and ***İlyas***.

The family owned a small ship and traded around the Aegean. From his youth Oruç learned seamanship, reading the winds and currents, and knowing the islands and harbours. This knowledge later made him one of the most skilled sailors of his time.

Status of the report: Narrated in the books of history — chiefly the Gazavat-ı Hayreddin Paşa (Hayreddin's memoir written by Seyyid Murâdî), the Tuhfetü'l-Kibâr of Kâtib Çelebi, and Spanish sources such as Diego de Haedo — without a chain by the standards of the Hadith scholars. The story is accepted as history, but it cannot be used as proof in the way an authentic hadith can.

CAPTIVE OF THE KNIGHTS OF RHODES

HISTORICAL NOTE: THE LOSS OF A BROTHER

On a voyage to Tripoli in Syria, the ship of Oruç and his brother İlyas was attacked by a warship of ***the Knights Hospitaller*** of Rhodes. İlyas was killed in the fight, and Oruç was taken captive. He was made a galley slave on their warships for several years — a very bitter fate in that age.

The reports differ on how he was freed. According to the Gazavat, his brother Hızır worked to ransom him; other reports say he escaped by swimming ashore while the ship was at anchor. This experience of captivity shaped his resolve to fight the Knights and free Muslim captives.

Status of the report: His captivity is narrated in Ottoman sources; the manner of his release varies between reports.

UNDER THE PATRONAGE OF PRINCE KORKUT

HISTORICAL NOTE: ANTALYA AND THE MEDITERRANEAN

After his release, Oruç gained the support of ***Prince (Şehzade) Korkut***, son of Sultan Bayezid II and governor of Antalya, known for his love of learning and seafaring. With Korkut's help, Oruç obtained ships and began sailing to the western Mediterranean. There are reports that he also served for a time with the Mamluk Sultanate in Egypt.

The Mediterranean at that time was a battleground between Muslim ships and those of Spain, Portugal, Genoa and the Knights Hospitaller. Both sides attacked enemy ships, took goods and captured passengers — a bitter reality of that age.

Status of the report: Narrated in the books of history — chiefly the Gazavat-ı Hayreddin Paşa (Hayreddin's memoir written by Seyyid Murâdî), the Tuhfetü'l-Kibâr of Kâtib Çelebi, and Spanish sources such as Diego de Haedo — without a chain by the standards of the Hadith scholars. The story is accepted as history, but it cannot be used as proof in the way an authentic hadith can.

THE FALL OF GRANADA AND THE SUFFERING OF THE ANDALUSIAN MUSLIMS

HISTORICAL NOTE: AFTER 1492

When Granada surrendered in 1492, the treaty of surrender promised the Muslims freedom of religion. Yet within a few years the treaty was broken. From 1499 the Muslims of Granada were forced to convert to Christianity, Arabic books were burned, and their revolts were crushed. By 1502 the Muslims of Castile were given the choice of converting or leaving the land.

Many were forced to become Christians outwardly while practising Islam in secret; they were later known as ***Moriscos***. Many wished to emigrate to North Africa, but the sea crossing was dangerous and required ships they did not have.

Status of the report: These events are established in Spanish and Islamic historical sources.

The Qur'an calls the Muslims to help the weak and the oppressed:

SURAH AN-NISA' 4:75

And what is [the matter] with you that you fight not in the cause of Allāh and [for] the oppressed among men, women, and children who say, "Our Lord, take us out of this city of oppressive people and appoint for us from Yourself a protector and appoint for us from Yourself a helper"?

BABA ORUÇ: RESCUER OF THE ANDALUSIAN MUSLIMS

HISTORICAL NOTE: SHIPS OF RESCUE

According to the Ottoman sources, Oruç and his brothers made many voyages to the coast of Spain to carry Andalusian Muslims who wished to emigrate, bringing them to the shores of North Africa such as Tunisia and Algeria. That is why they called him ***Baba Oruç***, "Father Oruç".

The Gazavat speaks of tens of thousands rescued over several years, but the exact number cannot be confirmed. Many descendants of the Andalusian Muslims in Algeria and Tunisia today remember this story. Their arrival revived learning, agriculture and crafts in the cities of North Africa.

Status of the report: Oruç's role in carrying the Andalusian Muslims is narrated in Ottoman sources; the actual numbers are uncertain.

A BASE IN TUNIS AND DJERBA

HISTORICAL NOTE: AN AGREEMENT WITH THE HAFSID SULTAN

Around 1504, Oruç asked permission from ***the Hafsid Sultan of Tunis***, Abu 'Abdallah Muhammad, to use the port of La Goulette as a base, on condition that part of the spoils be given to the sultan. Later he was based on the island of ***Djerba*** in southern Tunisia.

In 1504, according to Italian and Spanish sources, Oruç captured two war galleys belonging to Pope Julius II near Elba — an event that shook Europe and made his name famous.

SOURCE NOTE: BETWEEN JIHAD AND PIRACY

European sources call Oruç and his brothers “pirates”. Modern historians more accurately call them ***corsairs***, that is, seamen authorised by a state to attack the ships of its enemies. At that time both sides — Muslim and Christian — did the same: the Knights of Malta, Spain and Genoa also attacked Muslim ships and sold their passengers as slaves.

It must be stated honestly that these corsair operations also took property and captives, including civilians, some of whom were sold as slaves. This was the reality of warfare at the time and cannot be made beautiful. What distinguishes true jihad is intention, the ethics of war and obedience to the Shari‘ah — matters that only Allah fully knows.

Status of the report: The hadith of Umm Haram is authentic; the assessment of corsair operations is a matter of historical study.

THE ARM LOST AT BOUGIE

HISTORICAL NOTE: AUGUST 1512

In 1510 Spain captured the city of ***Bougie*** (Béjaïa) on the Algerian coast. In August 1512 the exiled ruler of Bougie asked Oruç for help in driving out the Spanish. In the battle Oruç was gravely wounded by a shot, and one of his arms — according to most sources, ***the left arm*** — had to be amputated.

Tradition later said that he wore an artificial arm of silver, and called him ***Gümüş Kol*** ("Silver Arm"). The story of the silver arm is famous but cannot be confirmed in contemporary sources. What is certain is that losing an arm did not stop his struggle: he went on leading armies and fleets to the end of his life.

Status of the report: The loss of his arm at Bougie is established in several sources; the story of the silver arm is a tradition.

HISTORICAL NOTE: 1514

In 1514 Oruç and Hızır took the town of ***Jijel*** on the eastern coast of Algeria, then held by the Genoese. Jijel became their first base on the North African mainland.

According to the Gazavat, when the people of Jijel and the surrounding region were struck by famine, Oruç distributed to them, free of charge, the wheat he had seized from enemy ships. This made him greatly loved by the local people, and many joined him.

THE CALL OF THE PEOPLE OF ALGIERS

HISTORICAL NOTE: 1516

In 1510 Spain built a fortress called ***the Peñón*** on a small island in front of the harbour of ***Algiers***, and forced the people of Algiers to pay tribute. In 1516, after the death of King Ferdinand of Spain, the people of Algiers, led by ***Salim al-Tumi***, asked Oruç for help to drive out the Spanish.

Oruç came with his troops and ships and was welcomed joyfully by the people. He attacked the Peñón but could not take it because his cannon were not strong enough; the fortress was taken only by his brother Hayreddin in 1529.

The believers are brothers, helping one another when called:

SURAH AL-HUJURAT 49:10

إِنَّمَا ٱلْمُؤْمِنُونَ إِخْوَةٌ فَأَصْلِحُوا۟ بَيْنَ أَخَوَيْكُمْ ۚ وَٱتَّقُوا۟ ٱللَّهَ لَعَلَّكُمْ تُرْحَمُونَ

١٠

The believers are but brothers, so make settlement between your brothers. And fear Allāh that you may receive mercy.

The Messenger of Allah ﷺ described this ummah as one body:

SALIM AL-TUMI: DISPUTED BLOOD

HISTORICAL NOTE: THE DARK SIDE

Soon after Oruç arrived in Algiers, his relations with ***Salim al-Tumi***, the chief of Algiers who had invited him, became strained. According to Spanish sources such as Haedo, Oruç killed Salim al-Tumi — some say he was strangled in his bath — and proclaimed himself ruler of Algiers. The Gazavat, on the other hand, portrays Salim as a traitor in contact with the Spanish.

This story is stated here honestly. Its details come mainly from enemy sources and cannot be fully confirmed. Yet if true, it was a grave mistake: killing a Muslim who had invited him to help.

Status of the report: The death of Salim al-Tumi is narrated in Spanish sources; its details and Oruç's responsibility are disputed.

SULTAN OF ALGIERS AND THE CONQUEST OF TLEMCEN

HISTORICAL NOTE: 1516–1517

As ruler of Algiers, Oruç defeated local rulers allied with Spain, including at ***the Battle of Oued Djer*** near Blida, and took towns such as ***Ténès***, Médéa and Miliana. In 1517 the people of ***Tlemcen*** — capital of the Zayyanid kingdom — asked for his help against their sultan, Abu Hammu, an ally of Spain.

Oruç took Tlemcen, and Abu Hammu fled to Spanish-held Oran. Oruç thus controlled a wide territory in western and central Algeria. But his position in Tlemcen was far from the sea and surrounded by enemies.

Status of the report: Narrated in the books of history — chiefly the Gazavat-ı Hayreddin Paşa (Hayreddin's memoir written by Seyyid Murâdî), the Tuhfetü'l-Kibâr of Kâtib Çelebi, and Spanish sources such as Diego de Haedo — without a chain by the standards of the Hadith scholars. The story is accepted as history, but it cannot be used as proof in the way an authentic hadith can.

MARTYRDOM ON THE RIVERBANK (1518)

HISTORICAL NOTE: THE END OF A HERO

In 1518 a Spanish army from Oran, led by Martín de Argote and allied with Abu Hammu, besieged Tlemcen. After a long siege, Oruç left the city with a small part of his army to head for Algiers, but was pursued by the Spanish. He fell as a martyr in battle on a riverbank near Ain Temouchent, together with his elder brother İshak and many of his followers.

Haedo relates that Oruç scattered gold and silver along the road to delay the enemy, but the Spanish did not stop to gather it. The Gazavat says that Oruç turned back to defend the soldiers of Algiers and Tlemcen left behind, and fell with them. Both stories are hard to confirm. In 2018 a memorial was built at the place where he fell.

Status of the report: His martyrdom in 1518 is established; the details of his last moments differ between sources.

ORUÇ'S LEGACY: HAYREDDIN AND ALGERIA

HISTORICAL NOTE: 1519 AND AFTER

After Oruç's martyrdom, his brother ***Hızır***, known as ***Hayreddin Barbarossa***, took over the leadership in Algiers. In 1519 Hayreddin placed Algiers under Sultan ***Selim I***, and Algeria became part of the Ottoman state. Hayreddin later became grand admiral of the Ottoman fleet.

Algeria remained under Ottoman sovereignty for more than three centuries, until the French occupation of 1830. Modern Turkish naval ships are named after Oruç Reis, and his name is still remembered in Algeria and Turkey as a symbol of the brotherhood of the two peoples.

Status of the report: Narrated in the books of history — chiefly the Gazavat-ı Hayreddin Paşa (Hayreddin's memoir written by Seyyid Murâdî), the Tuhfetü'l-Kibâr of Kâtib Çelebi, and Spanish sources such as Diego de Haedo — without a chain by the standards of the Hadith scholars. The story is accepted as history, but it cannot be used as proof in the way an authentic hadith can.

STORIES AND FIGURES THAT NEED ASSESSMENT

SOURCE NOTE: BETWEEN FACT AND LEGEND

Some matters in Oruç's story need careful assessment. ***First***, the main Ottoman source, the Gazavat-ı Hayreddin Paşa, was written to praise the Barbarossa family, while Spanish sources such as Haedo were written by their enemies; both must be read with care. ***Second***, the number of Andalusian Muslims rescued cannot be confirmed. ***Third***, the story of the silver arm is a tradition.

Fourth, the story of the gold scattered during the retreat and the story of Oruç turning back for his soldiers come from different sources and are hard to confirm. ***Fifth***, the label "pirate" given by European sources is unfair because it ignores the same actions by the Christian side, but corsair operations also involved slavery that cannot be made beautiful. What is established: his capture by the Knights of Rhodes, his role in helping the Andalusian Muslims, the loss of his arm at Bougie, the freeing of Algiers and Tlemcen, and his martyrdom in 1518.

Status of the report: The main events are established; many details are traditions or disputed.
